DETAILED ACTION

Status of the Claims / Priority

Upon further consideration, the finality of the *Final Rejection*, mailed on April 14, 2009, is hereby withdrawn.

Claims 1, 3, 5, 12, 20, 21, 23, 29, 34-37 and 54 are pending in the current application. According to the *Amendments to the Claims*, filed July 13, 2009, claims 1 and 23 were amended and claims 2, 4, 6-11, 13-19, 22, 24-28, 30-33, 38-53 and 55-61 were cancelled. This application is a 35 U.S.C. § 371 National Stage Filing of International Application No. PCT/US2004/023726, filed July 23, 2004, which claims priority under 35 U.S.C. § 119(e) to US Provisional Application No. 60/490,096, filed July 25, 2003.

Status of Restrictions / Election of Species

Applicant's affirmation of the following election, without traverse, in the reply filed on

March 5, 2009, is acknowledged: Group II - claims 1, 3, 5, 12, 20, 21, 23, 29, 34-37 and 54, where $Y = -L-R^3$, wherein $L = -C(=O)NH-$ or $-NH(C=O)-$; and $X = -$ phenyl, -pyridinyl or -pyrimidinyl; and b) substituted benzene of formula (I) - p.

33, example 1.

The requirement was made FINAL in the *Final Rejection*, mailed on April 14, 2009.

The sections of U.S.C. Title 35 that formed the basis of prior rejections formulated, as well as any references supporting said rejections, that are not included with this Office action, may be found in either the *Non-Final Rejection*, mailed on December 5, 2008, or the *Final Rejection*, mailed on April 14, 2009. Furthermore, any rejections or objections of record not

Art Unit: 1624

explicitly addressed herein below, are hereby withdrawn, in light of applicant's arguments and/or the *Amendments to the Claims*, filed July 13, 2009.

Thus, a second Office action and prosecution on the merits of claims 1, 3, 5, 12, 20, 21, 23, 29, 34-37 and 54 is contained within.

New Claim Objections

Claim 34 is objected to because of the following informalities: the status identifier is misspelled. Appropriate correction is required.

Claim 37 is objected to because of the following informalities: *carboxyamide* should be replaced with *carboxamide*. Appropriate correction is required.

New Claim Rejections - 35 U.S.C. § 112, Second Paragraph

The following is a quotation of the second paragraph of 35 U.S.C. § 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3, 5, 12, 20, 21, 23, 29, 34-36 and 54 is rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrase *(optionally) substituted*, in claim 1, is a relative phrase which renders the claim indefinite. The phrase *(optionally) substituted* is not defined by the claim, the specification does not provide an adequate standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention. The specification, on page 5, defines the phrase *(optionally) substituted* using *substituted* and a laundry list of exemplary substituents, but fails to explicitly limit the invention to any specifically disclosed

Art Unit: 1624

embodiments. Consequently, the *substituted* benzenes and pharmaceutical compositions of the formula (I) have been rendered indefinite by the use of the phrase *(optionally) substituted*.

The examiner suggests removal of the phrase *(optionally) substituted* and providing discrete substituents for each occurrence where substituents are desired, to overcome this rejection.

Allowable Subject Matter

No claims are allowed.
